

SAUVIGNON BLANC 2023

HAWKE'S BAY VINEYARD

The 2023 Hawke's Bay Sauvignon Blanc is a youthful wine with fine acidity and length.

On the nose we have Guava, passionfruit, and tropical notes, with hints of lemongrass, lime and floral undertones. The palate is refreshing with lively passionfruit fruit, lychee and white flesh peach. A plush mid palate with crisp nettle and lime citrus finish.

VITICULTURE \

We grow Sauvignon Blanc on our Bridge Pa Triangle Vineyard, deep Red gravel soils allowing for good drainage and ripening. Intensive canopy management provides us with a good balance between varietal herbaceous notes as well as ripe, tropical characters.

WINEMAKING \

Machine harvested grapes were destemmed and crushed to press. Stainless

steel fermentation to maintain freshness. After fermentation the wine was left on yeast lees for 3 months, with regular stirring of the lees. Our focus is on clean varietal flavours, fresh fruit and richness on the palate.

BEST DRINKING \

Drink from 2023 till 2026. Sauvignon is best young wine and will become more rounded a year in bottle.

BLEND \

Sauvignon Blanc 100%

ALCOHOL \

Alcohol 12% alc

FOOD MATCH \

Fresh Fish
Summer Salad
Spaghetti Vongole (spaghetti with Clams)
