

PINOT GRIS 2023

HAWKE'S BAY VINEYARD

This Pinot Gris shows great aromatics and can be enjoyed young as a summer wine. Some aging may enhance the weight and structure of this wine.

On the aroma we find ripe pear quince and honey wax with hints of red apple and exotic lychee. The palate is refreshing with lively fruit flavours of pear with a plush mid palate of apple strudel and baking spices, with a crisp fresh apple finish.

VITICULTURE \

Selected parcels of fruit were picked from the Organic Maraekakaho Vineyard, where the vines are planted on ancient river terraces, ideal for aromatic white varieties.

WINEMAKING \

Machine harvested grapes were destemmed and crushed to press.

Stainless steel fermentation to maintain freshness. After fermentation the wine was prepared for bottling to maintain the fresh fruit aromas. Our focus is on clean varietal flavours, fresh fruit and richness on the palate.

BEST DRINKING \

2024 to 2026

BLEND \

Pinot Gris 100%

ALCOHOL \

Alcohol 12.5% alc

FOOD MATCH \

White Fish
Grilled Peach Salad
Thai or Indian cuisine
