

PINOT GRIS 2025

SINGLE ESTATE, ORGANIC, HAWKE'S BAY, NEW ZEALAND

The 2025 Hawke's Bay Pinot Gris is a youthful, vibrant wine with crisp acidity and a generous mouthfeel. Aromas of ripe pear, quince, jasmine, and apricot blossom lead into a refreshing palate bursting with lively pear fruit. A plush mid-palate reveals notes of apple strudel and baking spices, finishing with an exotic hint of lychee. Bright and aromatic, this Pinot Gris is delightful young as a summer wine, though some aging may enhance its weight and structure.

VITICULTURE \

Selected parcels of fruit were picked from the Organic Maraekakaho Vineyard, where the vines are planted on ancient river terraces, ideal for aromatic white varieties.

WINEMAKING \

Machine harvested grapes were destemmed and crushed to press.

Stainless steel fermentation to maintain freshness. After fermentation the wine was prepared for bottling to maintain the fresh fruit aromas. Our focus is on clean varietal flavours, fresh fruit and richness on the palate.

BEST DRINKING \

2025 to 2028

BLEND \

Pinot Gris 100%

ALCOHOL \

Alcohol 12% alc

FOOD MATCH \
